## SOOKE OUTBREAK UNDER CONTROL RANGERS REPORT

Situation Easier But Weather Forecast Unfavorable to Fire Fighters

Horn Lake and Fanny Bay Fires Still Out of Control; Showers Relieve Interior

Fire which menaced Victoria watershed timber for some days was reported at forestry headquarters to-day as virtually under control. Fire lines laid around the outbreak are holding it in check and will keep it under control from now on unless high winds arise to whip it into new territory.

Two island fires are still burning out of control—one at Horn Lake and the other at Fanny Bay. Neither menaces homes or property but is feeding on large areas of timber and logged-over land.

### RAIN IN INTERIOR

While little rain has fallen on the coast in the last two days the higher humidity generally prevalent has aided fire fighters greatly and the situation is regarded as much improved to-day. Showers fell in the interior last night, aiding rangers there and conditions around Merritt, one of the worst spots in the Province, were reported as easier. A large crew fighting a fire outbreak there was reduced in number last night.

### NO RAIN FORESEEN

All hope of early rain on the coast has disappeared for the time being at least. F. Nanier Denison, superintendent of Gonzales Observatory, said this morning: "He predicted dry, warm weather but added that he foresaw lightning the chief enemy of the fire fighter."

## FOREST FIRES FOUGHT AT MANY POINTS

Rains Ease Situation in Some of B.C. Areas; Fires in Alberta

Vancouver, July 16.—Forest fire conditions along the coast and on Vancouver Island were reported this morning to be much improved as a result of yesterday's rain.

The camp of the Booth Logging Company at Jervis Inlet, 165 miles north of Vancouver, was threatened yesterday morning, but a change of wind sent the fire into logged-over territory. Some equipment was lost.

### TRENCH IS DUG

North of this district a large forest fire which originated Monday near Lewis Lake, on the edge of operations of Brooks, Scanlon and O'Brien, is still burning. A wall of fire compelled loggers and rangers to retreat from a line they had constructed on the south. A second trench is being dug to check the flames.

Men are employed extinguishing spot fires, caused by sparks and burning embers, near Nanton Lake. Fire on a small island in False Bay on Lasqueti Island is under control.

The humidity at 9 o'clock this morning registered 68 per cent. Forty is considered the "danger point." A big fire which has been burning on Galiano Island for the last few days is being put under control by a hastily organized crew of island residents.

### REPORTS AWAITED

Nelson, B.C., July 16.—Absence of reports this morning from the various fire centres in the Kootenay district is taken by forestry officials here to mean the situation has improved.

Reports received from the Salmo Valley indicated conditions were fairly good, cooler weather and an absence of wind characterizing the reports.

### SLIDES ARE BARRIERS

Calgary, July 16.—The Calgary Herald's staff reporter at the scene of the Kootenay fire, wiring from Vermilion Crossing at noon to-day, said:

"The forces fighting the north fire await its assault on the big slide that runs from the timber line to the Vermilion river, about four miles south of this camp."

If the fire jumps this guard, the fighters will fall back on a slide about two miles from here.

## LONG BALLOON FLIGHT IN U.S.

Chicago, July 16.—Believed to have broken records for distance and endurance for balloon flights, the Detroit, virtually given up as lost in a storm, has descended at Jennings, Florida, winning the Elks' National Balloon Race. The distance from Chicago is 254 miles and the balloon was in the air forty-one hours.

## TAX-DODGERS TO BE HAILED INTO COURT ALL OVER B.C. IN NEW REVENUE CAMPAIGN

Putting teeth into British Columbia's taxation laws, officials of the Provincial Taxation Department are about to launch prosecutions against men in all parts of the Province who have failed to pay the income tax due on June 30 and previously.

During the next few weeks leading citizens of several cities will be arraigned in court if they do not pay what they owe to the Government immediately, it was indicated at the Department to-day. Detailed plans for this campaign have been worked out and individual prosecutions arranged, following lengthy investigations.

### WILL MAKE EXAMPLES

Through this drive the Taxation department hopes to collect a larger proportion of the Provincial income tax than has ever been obtained in the past. Officials emphasized, however, that they were not seeking to inflict hardship on anyone, and that prosecutions would be started only after careful inquiry into the circumstances of each individual case. It was explained that a considerable number of men, well able to pay their taxes, have persistently refused to do so. They will be prosecuted vigorously as an example to taxpayers generally.

Already prosecutions have been launched against Sir George Bury and Robert Cassidy, K.C., in the courts of Vancouver for the recovery of income taxation alleged to be long overdue. Similar cases are pending and will be started within the next few days in a Province-wide drive to collect all the money owing to the Government.

### MORE REVENUE EXPECTED

These measures, it is believed, will result in a considerable increase in Provincial income revenues, and may make possible a reduction in the tax on each individual taxpayer. Taxation officials assert that in fairness to the great body of taxpayers who continuously refuse to pay their taxes should be forced to do so by emphatic methods where necessary.

## MAN KILLED BY U.S. RUM GUARDS

Liquor Runner Slain by Machine Gun Fire on Shore of Lake Ontario

Oswego, N.Y., July 16.—Leo Yott of Syracuse, N.Y., was killed by machine gun fire from a United States coastguard boat to-day while attempting to land 400 bags of bottled beer on the shore of Lake Ontario, about thirteen miles from here. Two companions were captured by the guards and the beer seized.

The coastguard boat opened fire when the occupants of the launch disregarded an order to halt.

## HON. J. C. ELLIOTT IS ONTARIO CANDIDATE

Ex-Minister of Labor Nominated by Liberals of West Middlesex

Stratford, Ont., July 16.—No other name than that of Hon. J. C. Elliott, K.C., former Minister of Labor, was offered for consideration at the West Middlesex Liberal convention held last night, and he was the unanimous choice of the meeting as standard-bearer in the forthcoming Federal general election.

The chief feature of the meeting, apart from the nomination, was the vigorous defence by Hon. George H. Bolvin of the administration of the Customs Department during the term of office Mr. Bolvin declared an attempt was being made to "crucify" him for political purposes, and that the accusations of the Conservatives were unfounded and hollow.

The credit for the reorganization of the Customs Department should go where it rightfully belonged, to the Liberal Party, which had begun determined efforts to end the corruption before Hon. H. H. Stevens had uttered a word of his charges, Mr. Bolvin declared.

## TORONTO PICNIC

Toronto, July 16.—The situation at Ottawa has necessitated an alteration of the date on which Liberals of Toronto and district were to hold a picnic at which Right Hon. Mackenzie King was to open his Federal election campaign in this part of Ontario. July 24 was the date decided upon, but has now been decided the picnic will take place within a week of that time, although the date has not been set.

## FRANC DROPS TO A NEW LOW LEVEL

Sells at 42.49 to Dollar at Close of Day's Trading on Paris Bourse

Finance Committee of Chamber Rejects Ministry's Request For Full Powers

Paris, July 16.—The French franc reached new depths at the official closing of the Paris Bourse to-day. The closing price was 42.99 francs to the dollar and 206.4 to the pound sterling.

During the forenoon the franc had sold at 42.02 to the dollar and 204.5 to the pound sterling, but later improved to 41.94 to the dollar and 204 to the pound sterling. From those levels it dropped on all questions of the franc's value on the Bourse.

In normal times, years ago, the exchange value of the franc was 19.36 francs, or 5.18 to the dollar.

### DROPS IN LONDON

London, July 16.—The French franc sold at the rate of five for six pence on the exchange here to-day, quotations falling to 204 to the pound sterling under heavy official selling.

The franc, weakening in sympathy, was quoted at 211 to the pound sterling.

### REQUEST REJECTED

Paris, July 16.—The finance committee of the Chamber of Deputies to-day voted fourteen to thirteen to reject the request of the Brand Ministry for full powers to issue decrees for the financial restoration of France.

The Government demanded the right to legislate without reference to Parliament on all questions of a purely financial nature, such as fixing the rate of taxes and customs and the negotiation of loans, the proceeds of which might be used in defence of the franc.

When the Cabinet yesterday approved the text of the bill, drafted by Finance Minister Caillaux, it more serious than any others experienced in the history of the Republic. The bill of Vallévo is completely inundated and the damage is described as immense. It is feared the bill will have many victims there and in surrounding villages.

Body Found Riddled With Bullets; No Trace of Slayer Discovered

Canton, Ohio, July 16.—Don M. Mallet, thirty-six, publisher of the Canton Daily News, was found shot dead at the entrance to the garage behind his home early to-day. The motive for the assassination is a mystery.

Mallet's body was riddled with bullets. That the publisher feared his life would be taken was evident. No trace of the slayer has been found.

He was arrested at the Sasebo naval base early last month charged with taking photographs in a fortified zone.

The preliminary trial opened July 17 in the prefectural court at Nagasaki. The public was not admitted and the proceedings have been kept secret.

The conferees went definitely on record as favoring a bridge in preference to a tunnel.

A recommendation will go forward to Ottawa that the span be not less than 1,400 feet long, that the clearance above water be not less than 200 feet and that the width of the bridge be at least 100 feet, with additional accommodation for pedestrians.

## ALLIES ASKED TO LEAVE GERMANY

Chancellor Protests Against Presence of Troops in Occupied Zone

Nuremberg, Germany, July 16.—Chancellor Marx declared in a speech here to-day that by the continued occupation of large areas of the Rhineland, the Allies were prolonging the state of war.

"As long as this state of war continues, the thorn is bound to remain in the flesh of the German people," he said. "It behooves the rest of the world, if it honestly desires peace, to release the occupied zone."

The Chancellor said he would consider it his task in September to carry on negotiations for Germany's entry into the League of Nations in this sense.

## BANDITS INVADE BANK, BUT TAKE AWAY NO MONEY

Painter Transacting Business in Bank Office in Winnipeg Leaps at One of Three Armed Robbers and Is Wounded by Bullet; Alarmed as Result of the Shooting, Bandits Hasten Away in Automobile

Winnipeg, July 16.—One man was shot and seriously wounded when three bandits, armed with guns, held up the Royal Bank branch at Portage and Good Streets in this city this morning.

John Matteson, a painter, who was banking money, leaped forward and one of the bandits fired, the bullet lodging in Matteson's side.

Apparently unharmed by the shooting, the robbers fled in a waiting automobile.

The bandits entered the bank with drawn guns. Two of the men covered the teller and ledgerkeeper, while the third covered the manager and a customer in the private office.

Obedient the command of the robbers, the members of the bank staff threw up their hands and turned their faces to the wall. One of the robbers then thrust his hand through the iron grating of the teller's wicket, but there was no cash within reach. He ordered the teller to produce the money and it was at this point that Matteson, who had been standing near the wicket, leaped at the man and was shot.

## SAYS FREIGHT RATES RETARD COMPANY

New Westminster, July 16.—That he could ship issue paper from this city to Montreal through the Panama Canal and from an eastern port to Port William by rail as cheaply as he could ship by rail direct to Port William was the statement made by W. R. Arnett, vice-president of the Westminster Paper Company, before the Board of Railway Commissioners here to-day.

Mr. Arnett stated discriminatory freight rates were retarding the possible development of his company. Equalized rates would result in a twenty-five per cent increase in business, he said.

Eastern Canada was importing \$25,000 worth of similar products monthly, chiefly from the United States, he added. Equalized rates would permit New Westminster mills to compete for that business, he believed.

The commissioners are to sit in Chilliwack to-morrow.

On Monday British Columbia's application for equalization of rates will be heard at Victoria, the commissioners later going to Prince Rupert.

## RATES ON FISH

Information about the rates on fish was furnished by Alfred Monk, a wholesale fish dealer.

"Our rates are away out of all reason compared with those in the East," he declared emphatically. "The rates are taking no interest in this business whatever. Last year fish were thrown away which with lower rates we could have sold."

## RATES ON BOX SHOOTS

H. H. Renwick of the British Columbia Manufacturing Company described the effect of the rates on box shoots and lumber products.

"We have unfair competition in our own legal market," he said, "due to our high freight rates."

"Our request is that in the interests of this basic industry and in the interests of the agricultural producers the rates from the coast be no higher than those from interior plants which are using material previously hauled all the way from the coast to Calgary and other prairie points," said Mr. Renwick.

H. S. Wood appeared for the prosecution to-day.  
The evidence implicating Hannay is weak, according to prosecution officers. They point out that articles found in the accused's possession have not been positively identified as the goods which were stolen.

## POLITICIANS READY TO ENTER LISTS IN ALL B.C. RIDINGS

Many Well-known Men Mentioned as Likely Candidates For Federal House

Arrangements For Nominating Conventions Under Way in Most Seats

With nominating conventions pending all over the Province, British Columbia's political pot is beginning to boil in earnest now. Reports from various ridings received here during the last twenty-four hours indicate that both parties will conduct a vigorous campaign to win seats in the next House of Commons.

G. G. McGeer, K.C., may contest Vancouver Centre against Hon. H. H. Stevens, according to Vancouver reports. While Mr. McGeer has announced that he will not be a candidate, strong pressure is being brought to bear upon him to run again, it is stated.

North Vancouver Conservatives may run George Black, who represented Caledon in the last Parliament. Mr. Black lives in North Vancouver part of each year but the popularity of Dugald Donaghy, Liberal, who sat for the district before Parliament was dissolved, is regarded as assuring his election. The general feeling of support for the Australian Trade Treaty in this paper making town or Powell River, one of the largest centres of population in the riding, is sufficient to place any conservative at a serious disadvantage. The treaty has increased the output of the Powell River paper plant enormously and the Conservative Party's determination to scrap the agreement if elected has caused keen alarm there.

### MRS. BLACK MAY RUN

Coupled with the report that Mr. Black may run in North Vancouver is the story that Mrs. Black, a seasoned political campaigner, may take her husband's place as Conservative candidate in the Yukon, where she is well known.

Interior politicians are warming up for the campaign now. The fight in West Kootenay may bring back into politics a popular figure in the person of Kenneth Campbell, of Kelowna. Mr. Campbell resigned his seat in the Provincial Legislature in favor of Premier Oliver. His friends are pressing him to oppose W. K. Easton, who represented West Kootenay in the last House of Commons. Liberals of the constituency will meet in convention in Nelson on July 29 to choose a candidate.

### GRAY MENTIONED

Wells Gray, one of the best-known Liberal members of the Fraser Valley, may re-enter the lists to contest New Westminster with W. G. McQuarrie, Conservative, who beat him at the election last year. Mr. McQuarrie will be renominated on July 23 but no date for the Liberal convention there has been set yet.

Nanaimo Conservatives have decided to hold their nominating convention on July 24 at Duncan, where Liberals will meet for the same purpose on July 28.

The dates of the Liberal and Conservative conventions have not been fixed yet, but will be chosen shortly. Both parties plan to nominate their candidates early in the campaign.

Conservatives are planning a warm reception for Hon. S. F. Tolmie, Minister of Agriculture, on his return here. Dr. Tolmie is in Ottawa now and may not arrive on the coast for some weeks.

### STRIKE NEGOTIATIONS

London, July 16.—The Press Association says a member of the executive committee of the British Miners' Federation stated to-day peace proposals suggested by a group of bishops of the Church of England had been accepted by the committee. The miners' executive was quoted as saying the proposal to return to work for four months under present conditions had been accepted with but few minor alterations. The belief was expressed there would be new negotiations undertaken next week.

The miners' spokesman said that if new negotiations took place it would be through the intervention of the bishops and Free Church leaders, who probably would carry their proposals to the Government. It would be the action of the Government as a result of the bishops' appeal rather than that of the owners which would unlock the door to peace, he asserted. The coal strike has been in progress since May 1.

# ROMANCE!

You often hear people refer to the "dear old days of romance"—to the time when knight-errants roamed the earth to do honor to a lady's blue eyes.

These folks say we are living in an age of realism!

An age of "realism" where the human voice is hurled across the world without wires; where the temperature of Mars is taken more than thirty millions of miles away; where tons of steel and people ride easily and safely through the air or under the sea!

An age of realism! Why, this is the most romantic of all ages!

The advertising columns of this paper are full of romance—of the romance of men who have devoted their lives to bringing new comforts, conveniences and pleasures for mankind.

Advertisements tell these stories, not with the romantic exaggeration of a jongleur, but with the calm, simple words of sincerity. Here is a firm that spent millions to develop a product that makes your baby comfortable. Here is a company that has labored fifty years to cut a single hour of toil from your day's work. Here is a man who has searched the Seven Seas to produce a new flavor for your dinner.

Romance—this age is full of it. Not just empty romance, but the true romance of achievement, of progress, of the betterment of mankind.

Advertisements tell you what the romance of business is doing for you.

## Domestic to be Given Sentence; Guilty of Theft

Vancouver, July 16.—"It is a little too much when a domestic takes a position in a house and steals right and left," said Judge H. S. Cayley to-day in court in remanding for one week for sentence, Christine Leary, twenty-five, who had pleaded guilty to stealing garments valued at \$17.75 from her employer, Mrs. William Dick.

Judge Cayley intimated that before passing sentence he would institute inquiries as to the girl's character at Blairmore, Alberta, where she resided before coming to Vancouver less than three months ago.

## Man Wounded His Wife and Himself

Niagara Falls, Ont., July 16.—Arthur Ryan, twenty-seven, of this city, last night fired five shots into the body of his eighteen-year-old

wife when he accosted her on the street, and then turned the gun on himself, sending two bullets into his own body. Both are in a hospital to-day in a serious condition. Mrs. Ryan had been living apart from her husband lately, and it is declared court action for non-support which "she was about to institute was at the bottom" of last night's shooting.

## ELKS HELD GREAT PARADE IN CHICAGO

10,000 Members of Fraternity Marched in That City Yesterday

Chicago, July 16.—The Order of Elks climaxed its sixty-second annual grand lodge reunion here yesterday with a procession in which 10,000 men swung along the shore of Lake Michigan in a broad ribbon of blaring bands, sumptuous floats, caparisoned drags, corps and drill squads arrayed in the purple and white of the fraternity.

The procession was the last formal event of the reunion, although many planned to remain to-day and Saturday for the two days of informal revelry before the convention is officially at an end. Led by squadrons of motorized and mounted police and by the officials of the grand lodge, the parade proceeded northwest from the business district under a hot July sun to the martial airs of more than 100 bands.

The Illinois delegations, 4,000 strong, followed the escort up the line of march, and in their wake came drummers, floats, bands and drum corps from almost every state of the country.

Members of the grand lodge held their final session yesterday, and adjourned until next year, when Cincinnati will be host to the reunion. Informal celebrations at the parks and amusement resorts of the city brought thousands of the delegates together last night.

The coveted first prize for the best float in the parade was awarded to the Indiana State Association with the "Cleveland" float, "Michigan North" was second, Philadelphia, third, Oakland, Cal., fourth, and Ohio state, fifth.

London, July 16.—Lord Fitzwilliam, known to pole enthusiasts on both sides of the Atlantic, recently brought his steam launch, Zetto, into the Thames, in London, to start a summer yachting colony, but was forced to retreat because, night after night, his graceful boat was bumped by prosaic old barges and damaged severely.

Lord Fitzwilliam originally anchored in the Thames because he had a dread of sleeping in stuffy city houses. He planned to sleep on deck on a cot. The Zetto was anchored near the Parliament Buildings and numerous parties were held on board.

Members of the Royal Yacht Club watched the experiment with much interest, because it was thought Lord Fitzwilliam had discovered a way to glorious retirement existence. There was even talk among the yachtsmen of moving the fleet from Cowes to London for a part of the social season.

All these plans for a yachting colony, however, were blasted because there was no inclination on the part of the husky Thames rivermen to permit a strictly social craft to interfere with business. The Zetto was damaged so severely by continual bumping that she was taken back to Cowes to float with the aristocratic boats of her own class.

## EFFORT TO REOPEN COAL NEGOTIATIONS

New Move to End Strike in Britain is Reported by the Newspapers

London, July 16.—Rumors of impending new developments toward settlement of the coal strike in Great Britain are given prominence in some of the newspapers here, with hints that success may be expected.

The move is described as a secret one by peace-makers not connected with the coal industry, and its aim is said to be a resumption of negotiations between the miners and owners.

It seems the Government has not so far been connected with the move, which according to one version is aimed at obtaining for the miners stabilized wages for at least six months and a working day of seven-and-one-half hours.

According to latest reports, nothing substantial resulted from yesterday's conference between the miners' executive and the Trades Union Congress.

The trade union representatives, it is said, complained about the irreconcilable attitude of A. J. Cook, secretary, and Herbert Smith, president of the Miners' Federation, who, they maintained, were preventing a settlement of the coal trouble, which was creating intolerable positions in other trades.

## COOLIDGE INSPECTS SUMMER GUARD

Paul Smith's, N.Y., July 16.—The camp of the detachment of marines which guards the Summer White House was inspected by President Coolidge yesterday, the appearance of the more than fifty officers and men calling forth his praise.

Accompanied by Secretary Everett Sanders and Captain Wilson Brown Jr., his naval aide and commander of the presidential yacht Mayflower, Mr. Coolidge went to the camp in the woods bordering Lake Osgood, less than a quarter of a mile from White Pine Camp, and examined closely the men, equipment and camp facilities.

Yesterday President Coolidge demonstrated beyond question his prowess as a fisherman. Whipping the rapids of a swift stream near Fondsbury, a pond on the old William Rockefeller preserve, White House, for nearly four hours yesterday afternoon, he and his small party of secret service men returned to White Pine Camp at 7 o'clock last night with pounds of brook trout.

Mr. Coolidge himself caught thirty and the two largest of the afternoon, one weighing a pound and three quarters and the other a pound and a quarter.

Fishing with worms and baiting his own hook and removing the fish himself, the President kept the goal for the sport and with reluctance finally looked at his watch and decided it was time to leave home. Just as the sun was sinking in the West.

## GUTHRIE ADVISED TO STATE FACTS

Minister Declared to be Misrepresenting King's By-election on Prairie

Prince Albert, Sask., July 16.—Statements referring to the Prince Albert by-election, in which Mr. Hon. Mackenzie King, then Premier, was elected to the House of Commons February 15 last, attributed in press dispatches to Hon. Hugh Guthrie, Minister of Defense in the new Premier's cabinet, the substance of an emphatic denial to-day by Dr. Thomas Robertson, president of the Prince Albert Federal Liberal Association.

A Canadian Press dispatch from Renfrew, Ontario, Wednesday night contained the following paragraph in reporting an address by Mr. Guthrie: "Mackenzie King's election in Prince Albert was touched upon by the speaker, who declared the former Premier had received the full voting strength of the polls although in practically every one of them there were voters who were dead or away from the district."

Dr. Robertson characterized this statement as "either arising from grossly wrong information given him by Mr. Guthrie or as a deliberate false statement for the purpose of misleading the electors in Eastern Canada."

Dr. Robertson's statement followed: "If Mr. Guthrie's speech was correctly reported, he has either been given gross misinformation by some person who has no knowledge whatsoever as to the manner in which the campaign in the recent by-election was conducted or has made a deliberate statement for the purpose of misleading electors in Eastern Canada as to the manner in which Mr. King was elected in this constituency."

"A careful perusal of the records of the election in question shows the full polling strength was not polled in the constituency. There is no evidence whatsoever that any voters who were dead or who were away from the constituency were polled."

"If the Hon. Mr. Guthrie is willing to take the full responsibility of having made this statement, he ought to be ready to follow it up and prove the charges."

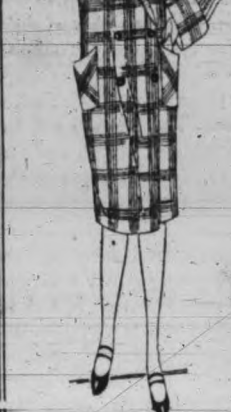

"It is better any man in public life, let alone a Cabinet Minister, to utter such glaring falsehoods from a public platform on the eve of a general election. The Hon. Mr. Guthrie ought either to follow up these statements and prove them or make a public apology to the people of Canada for having uttered such palpable falsehoods."

## British Methodist Churches to Unite

York, Eng., July 16.—After a debate which will long live in church annals, the conference of the Wesleyan Methodist Church here yesterday took action that had been anxiously awaited by Methodists for some time, and carried a resolution in favor of the union of the three Methodist Churches—Wesleyan, Primitive and United Methodist.

The Wesleyan Methodists are the predominant party. The Primitive Methodists have long been in favor of union and the United Methodists, as before, gave a large majority in

favor of union at their recent conference. But only two-thirds of the Wesleyan Church had declared their favor of the principles of union, which would affect 850,000 people.

The conference recommended to the May Synod as provisional legislation, the proposed scheme of union drawn up by the union committee of the three churches.

New Westminster, July 16.—Slipping as he alighted from a milk truck on which a friend had given him a lift, John Harrett, sixty, well-known farmer of the Langley district, was almost instantly crushed.

GEORGE SIDNEY IN  
"SWEET DADDIES"  
AT PLAYHOUSE

George Sidney, for many seasons a featured player in motion pictures, will be seen in one of the leading roles in M. C. Levee's First National production, "Sweet Daddies," showing at the Playhouse Theatre here. Sidney is famous for his Hebrew characterizations.

In "Sweet Daddies," Sidney plays the part of a wealthy merchant who enters into partnership with a son of Erin named Pat O'Brien. Mr. O'Brien is played by Charlie Murray, well known Irish screen comic. The nature of the business engaged in by the two men is somewhat obscure and the prohibition agents get after them. But everything turns out right in the end.

Meanwhile the son and daughter of the partners fall in love with each other. Jack Mulhall and Jobyna Ralston, Harold Lloyd's leading lady, take these parts. Vera Gordon, famous actress, is also seen in one of the featured roles.

When "Sweet Daddies" was previewed in Hollywood a noted film executive was in the audience and, on the strength of Sidney's portrayal, signed him to play the star role in the photoplay version of David Warfield's "The Auctioneer," soon to be filmed.

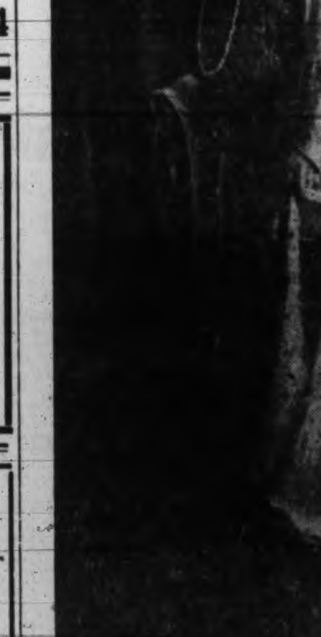

Alfred A. Santell, who directed Corinne Griffith in "Classified," is responsible for the direction of "Sweet Daddies."

"PHANTOM BULLET" IS  
GIBSON FILM WITH  
PLENTY OF THRILLS

Hoot Gibson, the screen's most famous delineator of cowboy roles, is here in "The Phantom Bullet," a Universal-Jewel, at the Columbia Theatre. Cinema experts have pronounced this picture Hoot's greatest effort so far. In it the Western star gives to his portrayal a depth of characterization, both dramatic and humorous that shows a new side to this already many-sided luminary.

His lighter moments are masterpieces of portrayal. His impersonation of the timid, rabbit-like "sap" brings him to the fore in that exclusive circle of star comedians and the dramatic suddenness with which he resumes his own character is a cinema moment that will live for a long time.

## PLAYS INTERESTING ROLE OF QUEEN ELEANOR

MRS. VANGIE BEILBY

One of the main feminine roles in the great historical pageant "The Phantom Bullet," which is to be presented at the Arena on July 25, 26, 27 and 28, is that of Queen Eleanor. The part will be played by Mrs. Beilby, one of the outstanding actresses in this city.

VAUDEVILLE IS  
GIVEN BETWEEN  
COLISEUM ACTS

There is no doubt that the Coliseum, this week has the most popular bill offered at the Government Street theatre for a long time. "Turn to the Right" in three acts and a prologue, is entirely delightful, and goes over the footlights to a crescendo of laughter and applause. It is one of the greatest comedies ever staged, and is an example of Ed. Redmond's work at his best. Proving most acceptable too is the new policy of putting on vaudeville acts while the scenes are being changed. Geo. de Olsen, Gertrude Burton and Ruth Hamilton each appear in well-received songs before the curtain in the three intervals.

## CHAMPION GARDENER RETAINS HIS CROWN

G. T. Williams Wins Prize For Best Garden For Fourth Successive Year

High quality exhibits left little to choose between the displays of competitors of the Victoria and District Gardeners' Association, but G. T. Williams, for three years past, adjudged the owner of the finest A Class garden, was awarded the John Dean Cup and first prize yesterday for the fourth successive time. F. P. Leather, Quamichan, and R. M. Palmer, Cowichan Bay, Judges, told president P. R. Leighton that they had seldom seen such vegetables as those in the garden of Mr. Williams. They spoke highly of all the exhibits produced for inspection.

The results of the home garden competition, divided into two classes, Class A including gardens over 7,200 square feet in area, and Class B, those under 7,200 square feet, were announced as follows:

Class A (over 7,200 square feet)—1, G. T. Williams, John Dean Cup and prize; 2, J. A. Hibbertson; 3, Miss L. J. Lowndes; 4, W. O. Wright. There were ten entries for this class. Mr. Williams has won the Marchant Cup for his three previous showings. He retained the honors in the fourth year by his remarkable display.

Class B (under 7,200 square feet)—1, R. A. Heather, Wenger Cup and prize; 2, Mrs. A. V. Bryant; 3, H. Stanbury; 4, P. B. Robinson. A certificate of merit will be awarded each competitor who scored 65 per cent. of the merit card.

## Langford

Langford, July 16.—Mr. and Mrs. Geoffrey Heal and son Philip of Station Road have returned from a fortnight's camping trip spent at Galian Lake and Qualicum Beach.

Mr. and Mrs. A. Holshoe and family have left Langford to spend a few days in Victoria before motoring to the prairies, via the United States, where they will in future reside.

There were many visitors present from Victoria and surrounding districts to hear the mid-summer musical recital by the pupils of Mrs. Horace Simpson which took place in her pretty garden at "Sherwood," Peatt Lane, yesterday afternoon. A pleasing programme was enjoyed by the guests, some of the children playing for the first time in recital, acquitting themselves very creditably. Memory solos caused much favorable comment. Two pianos were used in the recital and three times during the programme the audience had the pleasure of hearing four players in an eight-hand piece, testifying to the unwearied patience of the teacher. There were also four four-handed selections and the intermezzo, two girls playing each on a piano, rendering a most interesting and varied programme. The choice singings of two of Mrs. Simpson's daughters and both artists, Miss Isobel Crawford and Miss Ada Simpson were heartily enjoyed for their songs, Miss Crawford and Miss Ada Simpson were heartily enjoyed for their songs, Mrs. McCoy Jameson accompanying them. She and Miss Crawford received beautiful sheafs of carnations tendered by two little girls, Elizabeth Welch and Minnie Schuchler. Mrs. McCoy Jameson presented the prizes and rolls of honor to the successful pupils at the close of the programme, saying a few gracious words of encouragement to each receiver. She took the opportunity of congratulating Mrs. Simpson on the excellent work and progress of her pupils. This was heartily endorsed by John Scouler on behalf of the parents. Miss Margaret Peatt presented Mrs. Simpson with a lovely bouquet. Miss Margaret Holshoe, on behalf of all the pupils, presented Mrs. Simpson with a handsome bag purse, as a slight testimony of her patience and kindness. Mrs. Simpson, after expressing her grateful thanks invited all the visitors to a feast of ice cream. Among the many Victorians who motored out to attend the recital were Mrs. McCoy Jameson, Mrs. Day, Mrs. A. H. Peacey, Mrs. A. Frewing, Mrs. Carter, Mrs. A. Tinker, Miss Peacey, Miss Rita Ormiston, Miss Isobel Crawford and Miss L. Richards.

Luxton, July 16.—A special meeting of the Luxton and Happy Valley Women's Institute was held on Tuesday in the Luxton Hall for the purpose of discussing the institute exhibit to be entered in the Metcovich District Fair at Luxton Hall, September 1, and to appoint committees to take charge of the institute's share of the work of the fair.

Mrs. C. Brown, secretary of the Fair Fall, was present and outlined the work the institute was called upon to do, which was to take charge of the catering, and also explained the nature of the institute exhibit, receiving a very hearty vote of thanks at the conclusion of her remarks.

Fifteen members were present, the president, Mrs. R. Brown, taking the chair. The members were very enthusiastic and expressed their willingness to work for the success of the fair generally. A committee was appointed to take charge of the buying of provisions and also committees for the general work of catering. ## Women Thank

Science for this new hygienic pad that discards easily as tissue — no laundry

THERE is now an exquisite successor to the old-time "sanitary pad." A new way that offers far greater protection. A way that ends the old problem of disposal.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

## KOTEX

No laundry—discard like tissue

## Your Baby and Mine

By MYRTLE MEYER ELDRED

HERE ARE SOME "DON'TS" FOR MOTHERS

We disapprove of saying don't to the children; it is far more effective to say do, but here are some don'ts for the mother that can bear repetition.

Don't be alarmed at every little cry. Crying is the baby's one means of expression.

Don't pick him up every time he cries. You only foster the habit of crying just so he will be picked up.

Don't rock the baby to sleep. The mother enjoys this (for a while) but the baby much prefers the quiet of his bed to being jounced about until he is dizzy.

Don't play with a baby before his bedtime. It makes him excited and nervous and therefore wakeful.

Don't feed baby just because he cries. Feed him only at regular nursing intervals. If he cries and seems hungry find out what is wrong with his food but don't upset his regular hours. A well nourished child can easily go four hours without food.

Don't give medicines to relieve the pain of teething. They are always "doped."

Don't give a pacifier, a bottle of hot water or soothing syrup to put the baby to sleep. A baby will sleep without aids if he is contented and well fed. If he is not it is your duty to find out why he isn't.

Don't forget to weigh the baby every week. This is the best record of his progress.

Don't give drugs for constipation. Use fruit-juices and alter his diet. Castor-oil and patent laxatives increase the constipation.

Don't let a baby lie in the carriage with his eyes to the sun, or facing a white surface or snowy streets.

Don't try to doctor sore eyes at sleep and grow

## ESTATE RULING

Butte, Montana, July 16.—A jury in the district court here last night unanimously gave a special verdict in favor of the estate of the late Senator W. A. Clark, in a contest brought by three women who claimed daughters' shares in the \$47,000,000 left by the late copper king. The jury found there had been no marriage between Senator Clark and Tabitha C. Brooks, mother of the three claimants. The jury was out little more than an hour. Appeal will be taken, according to counsel for the claimants.

## IVANHOE GIVES HIS BLANKETS TO LOST CAMPERS AT RIVER

Sound Asleep Veteran Knight Is Disturbed by Calls in Blackness of Night

Auto Tourists Surprised to See Ancient Knight in Northern Fastnesses

Ivanhoe, astride his spirited mount Dancer, arrived at Campbell River last evening at 8 o'clock after a dusty ride from Forbes Landing. Ivanhoe spent the night in the woods and this morning started off on his ride to Comox, which will take him two days. He hopes to spend Sunday resting at Comox, a spot which he greatly admires. Ivanhoe sent an account of his experiences yesterday to the Gyro Club, who are sponsoring the great pageant which is to be held at the Arena on July 28, 29, 30 and 31. His story is as follows:

"We started from Forbes Landing with our full kit, I had my hat and well filled and two nose bags jammed with oats so that Dancer would have plenty to eat during the day. I filled two haversacks with food, for myself and will replenish both Dancer's and my grub at farm houses on the way south.

**TOURISTS WILL ATTEND**

"The road was very dusty and I should have liked to have had a cross-country route, but as yet that is impossible. I passed a number of motor-cars from California, Oregon and Washington, heading north, going in to the Elk Falls on Campbell River. They all looked surprised to see an ancient knight riding in this part of the country, but I advised them all to see the pageant at Victoria on the last four days of the month, and some of them said they'd be there.

"I pitched camp for the night at a lovely spot near the mouth of Campbell River, and Dancer and I turned in early. There was no moon and it was a very black night, but about midnight Dancer started snorting and awakened me. I heard voices and listened. It proved to be a couple of auto campers who had lost themselves in the early evening and could not find either their car or a place to sleep. I called to them and they made for me, and I offered them my blankets and they turned in while I

went over and laid my head on Dancer's neck and went to sleep. This morning the campers found their way back to their car and Dancer and I started off for the south."

## STUDENTS LISTEN TO FAMOUS DRAMA

Dr. Allworth Eardley Gives Abridgment of "Tale of Two Cities"

Rev. Allworth Eardley of Ottawa, kept over 200 students of the Summer School in wrapt attention during an abridged reading of Charles Dickens' "Tale of Two Cities" in the auditorium of the Victoria High School last night. Revealing something of the philosophy of the French Revolution, this great story of a deathless author lost none of its vividness of portrayal or beauty of construction in its abridgment. As Rev. Eardley said: "No one can improve upon Dickens' own words," consequently the author's actual phrases were followed as far as possible.

The reading of the work took two hours, and was punctuated by a short recess.

The story was arranged in seven episodes. First was "The Seeds of Revolution," containing the story of the tyranny of the aristocrats of the house of Evremonde. Second was "The Quiet Circle at Soho," descriptive of the home of Dr. Manette and introducing Charles Darnay. Third was "A Study in Contrast," comparing the haughty Marquis d'Evremonde and his nephew who took the name of Darnay. "The Storm Arises," was the fourth episode, telling of Darnay's being spirited away to France. "The Terror" was the next episode. Then came "The Arrest," leading up to the climax in the guillotine scene, when Sidney Carton gave his life so nobly.

John Kyle, director of the Summer School, rose at the conclusion of the reading and voiced the formal appreciation and thanks of the audience for the evening of instructive entertainment.

Miss Morton rendered several piano solos during the evening, which were greatly enjoyed.

## Belgian King is Financial Dictator

Brussels, July 16.—King Albert, by virtue of an overwhelming majority in the Chamber and so unanimous vote in the Senate, in which Socialist deputies and Senators concurred, has become the financial dictator of his own kingdom for a period of six months. Premier Jaspar put the full power bill, granting the King authority to institute by decree measures to save the franc, through both Houses inside of an hour.

A decree will be issued within a few days providing for the use of bread very similar to that used during the World War. The railways, telephones and telegraphs will be turned over to private companies for operation.

King Albert is expected to be a good natured dictator and M. Theunis and M. Francqui, both of whom are very prominent financiers of Belgium, will be the powers behind the throne.

## Value of Instruction

By JOE NOVAK

If one is really anxious to master some of the finer points of golf, it is surprising how many valuable tips are received during a thorough course of instruction. If these are heeded and remembered they will be of great assistance to the ambitious golfer. After learning to drive well it is necessary to develop a consistent short game, because it is here the strokes are saved, and the player who concentrates on being dead to the pin has made an important step in the right direction.

In course, the importance of consistently good putting must not be overlooked. Many matches go to the player who puts well and runs the ball down with consistent regularity. So to play good golf there are three important things to master, driving, approaching and putting.

One final suggestion on approaching should prove valuable. The whole thought is this: In approaching it is the speed and not the length of the swing that determines the distance the ball is to go.

### Victoria Players Still In Running For Tennis Titles

Marjorie and Hope Leeming, Proctor and McCallum Contenders at Vancouver

Semi-finals Being Played Today; Miss Leeming Opposed By Mrs. Bourque

Vancouver, July 16.—Jack McGill will carry the flag of the mainland as the sole British Columbia representative in the semi-finals of the men's singles of the tennis championships which were on today's schedule at the Vancouver Tennis Club's courts. He will be pitted against Wally Scott, of Tacoma, for the honor of tackling the winner of the Bates-Nunns match for the mainland title.

In the ladies' singles, the quarter finals bring together Marjorie Leeming, of Victoria, the Canadian champion, and Mrs. Bourque, who beat Miss Gillespie in straight sets, Miss Marjorie Gladman, of Santa Monica, and Mrs. Ream Leachman, also of California.

Vancouver has four entries in the ladies' doubles semi-finals. Miss Seager and Miss Tatlow being drawn to oppose Miss Hope Leeming and Miss Gladman, while Miss Loria Fraser and Miss Bourque will meet Misses Gillespie and Munro.

Sparling and Shields, by virtue of their win over Rennie and Nunns of Toronto, should reach the finals in the men's doubles, disposing of Bates and Hoogs on the way. In the other half there remains Scott and Macdonald, who will meet Geoff Peers and Johnny Proctor.

In the other main event, the mixed doubles, Miss Hope Leeming and MacCallum, of Victoria, will be the main event, while in the other half, Miss Munro and McGill are pitted against Miss M. Leeming and Proctor.

### BATES STAYS IN

Bates opened yesterday's afternoon programme against Sparling, Vancouver, and the local man played up to his usual standard, the American had command all the way and won in straight sets, 6-4, 6-3.

Gilbert Nunns, Toronto, won the fight to meet Bates by scoring a straight set win over T. O. Ryall, of the Laurel Club, who the previous day had put Leroy Reale, Seattle, out of the running. The score was 6-2, 6-2.

Wally Scott, Tacoma, was given the greatest scare he has experienced this year in a match he finally won. His opponent was Gordon Shields, of Vancouver. Scott took the first set 10-8; lost the second 6-8, and won the final 9-7. Experience was the margin of victory.

Miss Gladman kept up her sensational play of the Canadian championships by scoring a well-deserved win over Miss Seager, Quebec champion.

Marjorie Leeming, Victoria, went into the semi-final, but in doing so she dropped a set to Miss Muriel Munro, the match going 6-4, 4-6, 6-3. Miss Tatlow won her first set with Mrs. Leachman, California, at 6-7, but lost the next two at 6-2, 6-4.

Mrs. Bourque defeated Miss Gillespie 7-5, 12-10. In the men's doubles Peers and Proctor (Victoria) went into the semi-finals by an easy win over Master and Lasure, Seattle, 6-0 in a one-sided match.

Miss Seager, of Montreal, and Miss Tatlow, Vancouver, went into the semi-finals of the ladies' doubles by scoring a 6-0, 6-1 win over Mrs. Rose and Miss Porter of Vancouver. ### Berlenbach Now Is Favorite In Fight Which Goes To-night

Odds Switch Overnight as Result of Postponement; a Life-saver For Paul

New York, July 16.—Fate has laid a damp and kindly hand upon the broad shoulders of Paul Berlenbach to fortify him with many pounds for the defence of his light heavyweight championship fight against Jack Delaney to-night.

It came to him in the hour of need last yesterday afternoon under the protecting curtain of a steady rain. Before rain had compelled postponement of the struggle, Berlenbach's foe had been quoted as a five to one favorite.

It came to him in the hour of need last yesterday afternoon under the protecting curtain of a steady rain. Before rain had compelled postponement of the struggle, Berlenbach's foe had been quoted as a five to one favorite.

Berlenbach yesterday looked finely drawn when he tipped the scales in the afternoon at 174. Delaney, on the other hand, was 81 pounds under the limit at 166.

Critics estimated Berlenbach would have 10 or more pounds over his rival to-night. Berlenbach had to steam to get under the weight limit to save his fight.

### Travelers Display Big League Style And Shutout Sons

Natives Make But One Hit Off Norm Forbes and go Down to 4-0 Defeat

Travelers and Sons Now Tied in Standing; Sallaway Makes Only Hit, a Double

### AMATEUR BALL STANDING

Sons of Canada W. L. P. 615  
Tigers 5 5 615  
Eagles 3 9 250

Pete Sallaway's crashing double to right field in the sixth inning, robbed Norm Forbes of the glory of pitching a no-hit game at the Royal Athletic Park last night. Apart from this hit and a walk which he awarded Murty Dunn in the ninth, Forbes twirled practically perfect ball, with the result that the Travelers shut out the Sons of Canada, 4-0, and hoisted themselves onto an even footing with the Sons in the league standing. It was one of the fastest games of the season, and only took an hour and twenty minutes to complete nine innings.

There is no doubt about the fact that, when the Travelers throw all fooling aside and get down to business, they are certainly play championship baseball. Of course Forbes' pitching had a lot to do with their success. But Manager Jimmy Wills also got a certain amount of his best players on the field and sent them right after the game from the start.

"Doc" Turpel, who has absented himself from the team since almost the beginning of the season, donned his jogs again and stepped out in centre field. After an absence of a couple of weeks, he was back in uniform and performed fine around the second sack. Harry Copas, who has had trouble hitting his regular stick for a long time, was back in the lineup.

He covered all the ground at short with remarkable exactness and had a perfect fielding average with two putouts. Harold Petherstone was the only Traveler who failed to play a-tight ball and it was only a hard-luck home run by the Sons that kept the Travelers from keeping up that style of play they will have a fine opportunity of annexing the title this year.

**TIMELY HITTING**  
Timely hitting and good direction gave the Travelers their first win of the season in the second round of a four-round event.

Gordon Wallace of Vancouver and Tommy Fielding of Victoria boxed four rounds to a draw as a curtain raiser.

One of the right offerings in the second round, Petherstone led off with a well-placed single over second base. Roy Copas puffed and blew, but he got himself and Bill Turpel celebrated his return to the game by smacking a pill for the home run.

Not content with a one-run lead, the Travelers took their first real lead in the third round, when they scored on a fly to more, Falkner Campbell took one of Ray's fast just on his hip, and he landed the ball just in front of Thomas, but a bad bounce gave him a life. After hitting his usual four ball, Art Minnis smashed out a long ball, Art Minnis smashed out a long ball, Art Minnis smashed out a long ball.

Webster scored on this wallop. Minnis also scored when Colin Campbell sacrificed with a high fly ball. Petherstone grounded to more.

**SONS DORMANT**  
During this little entertainment, the Sons had lain dormant. It was the sixth session before the natives managed to land a man on first, the other being three up and three away on that time. Even Sallaway's double did not do any good whatever. For McGinnis flied out to left field, and Parfitt and Holman struck out of them out.

Parfitt was decidedly peeved about the last strike called on him by Tom McGinnis, and he celebrated it by a home run. He did not like it that way either so he took the seventh inning he breezed the three batters that faced him.

In the eighth inning, with the game slipping from their grasp, the Sons tried to stage a rally when Chambers got a lucky hit on Petherstone's fumble of his grounder. But it was of no avail.

Similarly in the ninth, when Dunn was walked with two out, hope fluttered in the Sons' camp. But it died when more flied out to Webster.

**PITCHING SPLENDID**  
Pitching was the big thing last night, the error simply not being a factor. Although he was the losing hurler, Parfitt only allowed five hits and walked not a single batter.

Forbes, who was any of the whiffed five, was successful in finding him for hits more than once. Roy Copas and Turpel had averages of .500 however, with one hit out of twice at bat.

Pete Sallaway was the big man around the Sons dugout. While getting their only hit, Pete made some excellent catches out in the grass, and twice robbed Harry Copas of well-deserved hits. Forbes gave the air to seven of the Sons' batters.

### Four Western Clubs Hold First Division Places In National

Chicago Cubs Crowd Brooklyn Out of Fourth Place; Pittsburgh Gets the Whip

Cincinnati Leads by But Two and One-half Games Over Pirates; Yanks Lose

New York, July 16.—There was every indication in to-day's standing of the teams that the 1926 struggle for the National League pennant, now nearing the two-thirds way mark, would be settled on Western baseball battlegrounds. The East has been crowded completely out of the first division—the result of an overwhelming defeat administered to Brooklyn yesterday by St. Louis Cardinals 11-5. The setback hurled the East's last remaining first division team out of fourth place—a berth promptly taken over by the Chicago Cubs with a 3-1 victory over the Braves, under the steady pitching by Perry Jones.

Manager Bill McKechnie of Pittsburgh, went to the whip as the Cubs crowded in behind Cincinnati. He fined Eddie Moore \$100 for "indifferent playing," while John Heydler, president of the National League, suspended Catcher Johnny Goetz for three days as a result of his altercation with Umpire Rigney. Then Pittsburgh stepped out and beat the Giants 3-0, under the steady pitching by Perry Jones.

Fourteen hits were made by the Phillies to chase three pitchers to the showers and collect an 8-3 victory.

**ST. LOUIS RIGHT BEHIND**  
The result trimmed Cincinnati's margin over Pittsburgh to two and a half games, with the Cardinals only half a game behind Pittsburgh.

The Yankees lost a six-to-two decision to the Tigers, but held a six-game lead over the Athletics and Cleveland and Boston divided a double-header, Smith defeating Boston in the opener, 4-2, but the Indians lost the second six to two.

Rigney turned in an exceptional day in the field, accepting twenty-four chances without an error.

### CORONACH IS EASY WINNER OF ECLIPSE STAKES AT SANDOWN

Sandown Park, Eng., July 16.—The King and Queen attended the race meet here to-day and saw Lord Woolaston's Derby winner, Coronach, annex the valuable Eclipse Stakes in as easy a fashion as he won the Derby.

F. Curzon's Comedy King was second. Eight ran. The Eclipse Stakes are the most valuable in the year, being worth £12,000. Coronach won by six lengths at odds of two to six on.

The race is at one and one-quarter miles.

**Esquimalt Defeat Sidney In a Close Intermediate Game**

Sweeney's Goal in Fourth Quarter Breaks Tie and Wins Battle

Esquimalt lowered the colors of Sidney in the intermediate lacrosse game held at Sidney last evening. The score stood tied at 3-3 with time nearing a close, when Sweeney took a pass when close in and scored the deciding goal.

The game was nip and tuck all the way with Lionel Crossley giving Sidney a lead in the second quarter on a smart shot. Wagland evened up the score a few minutes later with a hot shot.

The teams entered the third quarter with two goals each, and Crossley was again responsible for netting the ball to break the tie. Wagland, however, was good for another, and Esquimalt were again on even terms.

The fourth quarter found Sweeney packing the necessary shot.

Frank Smith and G. Holmwood handled the game.

**SOFT-BALL**  
Esquimalt will to-night battle the Hillcrests for the championship of "A" section in the Softball League. The game will be played at McArthur Park and should provide some real thrills. By defeating the Y.M.C.A. earlier in the week, the dockers jumped into a one-game lead on the Boston and Esquimalt teams.

But if the Hillcrests are the winners the standing will again be tied up and a play-off will be necessary

"Hm!" responded Morton. "But what do you do next?"

"I've decided," she said. "I'm going to send for Nona and the girls, and those poor fellows of dancing men, and have them all come up here and visit me!"

"The whole gang?"

"Absolutely," she said. "I want to show the people in this town that I'm emancipated. I don't care what they think!"

"Well, I'll be darned," he commented.

After a moment's thought, he resumed. "You can't have Nona and the boys at this house, though."

"Why not?" she demanded.

"Because I'm not emancipated," he said, dryly. "You may be a free soul, but I'm old-fashioned. I don't mind your having the chorus here, but I've been seen around town with Nona, and she's got to stay at the hotel. And so have those dancing boys."

"Them?" Audrey's voice was filled with a fine contempt. "The boys can't do any harm. They're weak as dishwater."

Morton was firm. "I'm not going to have dishwater in my house. Not at this writing, and not with eight or ten noisy chorus girls dashing around. We're likely to be raided as it is."

Audrey laughed delightedly. "Wouldn't that be great? I'd just like to see it happen!"

"See what happen?" he inquired.

"See us raided," she proclaimed. "Wouldn't that stir this old town up?"

"Humph," was his only comment. It was with real pain that Parrish, at the office later in the morning, received Morton's instructions. Life took an absorbing, a telegram to Abe Sunshine, and another to Nona, asking that the entire cast of the revue be sent to Tacoma forthwith, as the guests of the Morton household. Morton included an invitation to Sunshine himself.

"Add a line to Abe's message," said Morton. "Will continue rehearsals here."

Parrish moved his notebook away from him.

"This is a terrible thing, Mr. Morton," he said.

"It's confounded nonsense," his employer agreed. "But Audrey has made up her mind to it."

Parrish tapped his pencil on the desk. "You indulge her too much, sir," he said, with emphasis.

Morton surveyed him quizzically. "Have you ever tried combating the young lady's whims?"

Parrish arose, and moved to the door. "Several times," he responded, "but without much success."

Toward noon, Audrey called up to say that she had ordered several new dresses—awfully low-cut, the ones for evening," she added. "And the others are just too gay for words!"

"Your idea is to shock the public of Tacoma?" he inquired.

"You said it!" she responded, as she hung up.

Morton was laughing as he sat down the telephone, but gradually his face fell. He lapsed into a brown study, his arms folded upon the table and his eyes fixed vacantly on the wall. Once, when Parrish entered, Morton waved him away with an impatient gesture.

Parrish laid a telegram on the table, and withdrew. Morton did not look at it.

With a heavy sigh, he turned at last to his desk, and concealed behind the upper curve of the lid. He drew from it the packet of papers that he had examined several times before in the last few weeks, and slowly untied the tape that bound it.

Laying the faded letters and photographs on a vacant table, he picked up one, and several of the letters, and laid them to one side. His hands moved restlessly over the remainder of the package to his hiding place. The papers he had laid aside, he clipped together with a bit of wire and left upon his desk.

Then he turned to the telephone, and called Audrey.

She responded, with excited chatter about the coming visit of the members of her revue. He listened until she was done.

"There was something else," he told her. "Can you come to the office, right away?"

He hung up, and sinking back in his chair, waited until she appeared, half an hour later.

She fluttered into the room, with a laughing inquiry.

"Sit here," he told her.

As she obeyed, he took one of the photographs and handed it to her, silently. She took it, and looked at the dimmed likeness that it bore.

"Why," she cried, "that looks exactly like me!"

## CHAPTER XXXVII

The girl held the picture from her, and then drew it close to her eyes.

"It's my mama!" she cried.

"It is," Morton said, gravely.

He reached behind him, and drew the other photograph, and the letters, from the desk. She watched him with excited interest as he slowly extended the second picture to her.

"My mama again!" she said. There was another figure in the photograph, and as her eye fell upon this an expression of amazement came into her face.

"That's Mr. Smith—the man you threw out of the house and sent to South America!"

She looked at the picture again. At last she dropped it, as if there was in it something unclean.

"Don't drop it," he said. "Look at the background."

She bent over the photograph, without touching it. Straining her eyes, she traced the faded outlines that showed behind the two figures.

"There's a little house—a queer one," she said. "Is it an adobe house, daddy?"

He nodded. "In Arizona," he said.

"Yes," she was intent on the picture again. "There's a cactus in the distance!"

"The Arizona desert," he told her. "Was that where I was born?"

Her big blue eyes were rounded as she waited for an answer.

"Not there," he said. He was speaking with difficulty. Reaching out he took the picture, and looked at it a long time.

"It's the end of a trail, Audrey," he said at last.

He passed his hand across his eyes before he continued, as if to wipe from them an unpleasant vision.

"I called you down here to show you that picture," he resumed, as she never had seen. "You are your mother's daughter. I told you, you know, that you have been running emotionally wild. You've left nothing emotional wild. You're plunging into uncharted ways."

He lifted the photograph and held it before her. "Your mother did the same thing, and here was where her path ended."

"With Smith?" she asked, in a small, frightened voice.

"Not with Smith," he said. "He left her there back to back. He started to his feet, and flung his arms wide. His face was uplifted, with such a look of anguish as she never had seen. His remaining words were jerked out one by one, as if they brought with them the living fibers of his heart. 'It was there,' he choked, 'that I found her, and buried her! She was lying dead, alone, upon the spot where they were standing in that cursed photograph!'

He collapsed into his chair, and buried his face in his arms.

Running to him, she enfolded him in her arms, with little tender sounds. Then she ran to the hand basin in the corner, and wetting her handkerchief, sped back to him. Lifting his head gently, she bathed his flushed forehead and his hot eyes.

"Don't talk any more, daddy! Don't!" she cried. She was weeping, and she touched her own eyes with the wet handkerchief.

He shook himself and sat erect. "I'm not through," he said, in his leaden voice.

Turning the photograph face down, he took up the letters, and looked at them vacantly as he continued.

"I loved your mother," he said. "I had loved her since she was a little, slim thing of fifteen. Her hair was fair like yours, and her eyes were wide and blue, and her laugh was the merriest I ever have heard—except your own, dear heart."

He paused. "She was a flower of a girl. Her parents died, and left her with a little money. She hated restraint—she rebelled when she was given instructions—just as you do, Audrey. Her old aunt was severe. So, when I met her, she was sent to Europe, to study art. I was there, too—trying to be an artist. I saw her sometimes.

"So, when I came back to America, I was wildly in love with her, but I had no money."

## BEDTIME STORY

### Uncle Wiggily's Merry-go-round

Copyright, 1926, by McClure Newspaper Syndicate.

By HOWARD R. GARIS

Johnnie Bushytail, the squirrel boy, had to go to the store for his mother. She wanted a yeast cake to make a loaf of nut bread, of which both Johnnie and Billie, his brother, were very fond. Billie might have scrambled to the store, and then the accident would have happened to him, but it was Johnnie's turn to go, so it happened to Johnnie. For I may as well tell you, before we go any farther, that it was a sad accident that befell poor Johnnie.

His tail was run over by an automobile driven by a bulldog gentleman. Not that Johnnie would have been hurt any less if the auto had been driven by a Lady Bug. But I'm telling you the truth.

Johnnie was hurrying back with the cake of yeast for his mother to use in baking the loaf of nut bread when, all of a sudden, the squirrel boy was crossing the street, along came the auto and nipped off his tail.

The tip of Johnnie's tail was run over.

Oh, no, not exactly nipped off, as the blackbirds nipped off the nose of the maid who was in the garden hanging out the clothes. But the tip end of Johnnie's tail was run over.

Oh! Oh! Oh! he cried, chattering loudly, and he almost dropped the yeast cake, but not quite, and over to the sidewalk he scampered a tree and crying, "Oh, my tail! My beautiful fluffy tail is all gone!"

"Oh, not all gone!" barked the bulldog gentleman who stopped his auto and jumped out as soon as he had seen that Johnnie was hurt. "Your tail isn't hurt much—just the tip is squashed a bit. And that will grow in again."

"Do you think so?" asked Johnnie anxiously. For you know without his bushy tail a squirrel cannot jump from tree to tree. Their tail balances squirrels and steadies them so they won't fall.

"Yes, you'll be all right, my squirrelly chap," the bulldog kindly. "I'm so sorry it happened, and I'll stop around and see you tomorrow."

Johnnie limped into the house and

soon Uncle Wiggily and every one in Woodland had heard about the accident. All the animal boys and girls called to see their playmate and tell him how sorry they were.

"Oh, it isn't so bad," said Johnnie when his mother had tied a rag on the sore place. "It isn't as if my tail was all cut off. But I can't go swimming in Uncle Wiggily's duck pond ocean, I guess."

"No, indeed!" said Uncle Wiggily. "The salt I put in the duck pond, to make it like the seashore, would smart your sore tail, Johnny."

"But what can I do to have fun?" sighed the little squirrel chap, sad like. "All the others are going in swimming, and he could see them splashing in the make-believe ocean as he sat on his porch."

"HAI! I know how I can make some fun for you," cried Uncle Wiggily. "I'll build you a merry-go-round and you can ride on that, for there will be no salt on it to make your sore tail smart."

"Oh, a merry-go-round! How wonderful! But can you make it, Uncle Wiggily?"

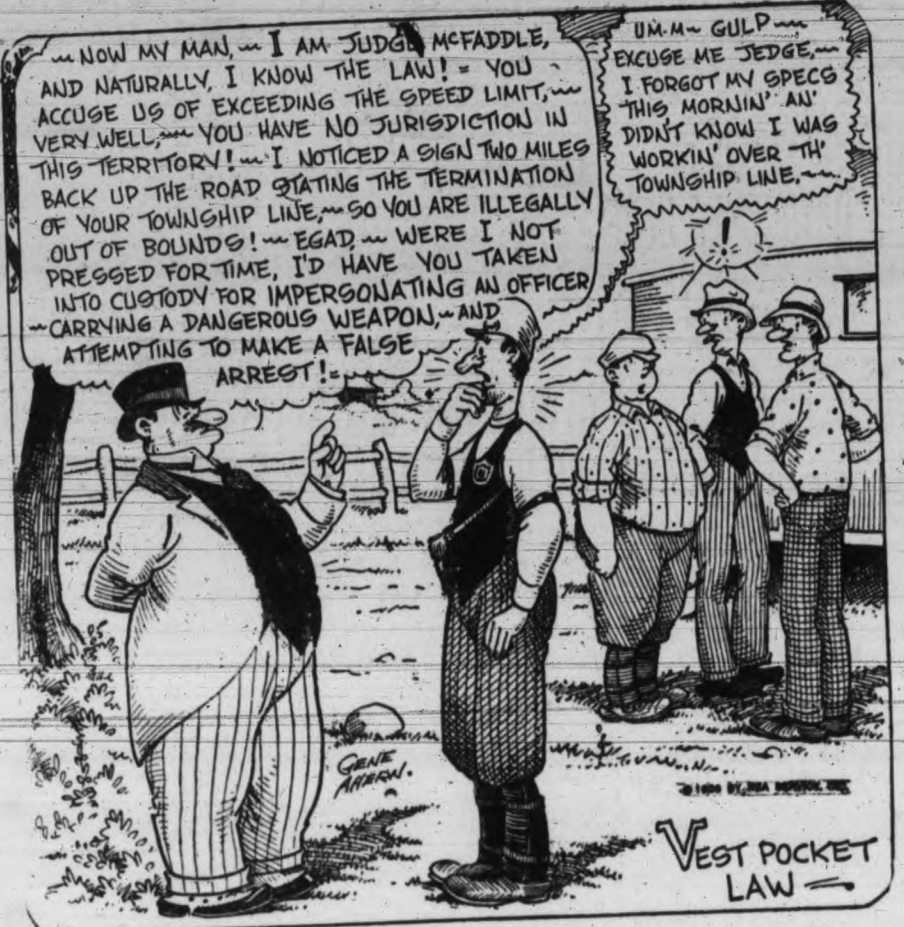

"Indeed, he can, for I'll help him!" barked the bulldog gentleman who had run over Johnnie's tail, though without meaning to. "I am in the merry-go-round business—I set them up at seashore beaches for boys and girls to have fun on. I'll bring one here especially for Johnnie, since it was my fault that he was run over."

"That will be great!" said Uncle Wiggily. Then he and the bulldog gentleman brought to the duck pond ocean a cute little merry-go-round just the right size for animal boys

and girls, and there was a golden elephant, made of wood, for Johnnie to sit on and ride in a circle. There was music with the merry-go-round, too, and when it started going, playing jolly tunes, all the animal boys and girls rushed up, out of the water and jumped on to ride with Johnnie.

"I'm sorry you had your fall run over," laughed Baby Buntie as she sat on the back of a wooden lion and rode around, "but I'm glad we are having fun." And Johnnie said the same thing, and next week his tail was all better, and the lump of butter didn't roll itself up in the pancake and go to sleep, instead of letting the knife and fork slide down hill, I'll tell you next about Uncle Wiggily and the lemonade.

## COMMITTEE STUDIES MANAGERIAL SYSTEM OF CIVIC CONTROL

Rough Draft of By-law to  
Serve For Council Discussion is Prepared

Duties of Comptroller and  
City Manager Much Alike

A rough draft of a managerial by-law to serve as a basis for council discussion has been prepared by a special committee of the City Council assisted by H. S. Pringle, city solicitor.

The proposed draft is still in the rough and may be altered before it is presented to the council for consideration. After amendment in council the measure would be put to a vote and if favored would go to the electorate by way of a referendum at the annual elections, it is understood.

By placing a by-law before the people defining in full the powers and duties of a city manager a straight test of public opinion could be obtained on the question of civic government. It is suggested that the council has pledged itself to place the question before the electorate in some form, acting on the receipt of a petition signed by a considerable number of ratepayers calling for such action. The petition turned out to be void, as it was said to be incorrectly prepared, but the council took notice of the spirit of the request with the result that the whole question may go to public ballot before the end of this year.

It will be seen from the wording of the proposed by-law that it outlines much the same duties as now performed by the city comptroller. In his research at the request of the council Mr. Pringle has uncovered the fact that in corporations where a city comptroller is employed there is no position of city manager, and vice versa. If Victoria appoints a city manager in addition to a city comptroller it will be the first city on the continent to do so, it is believed from the data now on file at the City Hall. The rough draft of the managerial by-law follows:

**"CHIEF EXECUTIVE OFFICER"**  
1. Subject to the limitations herein contained, the duties and powers of the said official to be known when appointed, as the "city manager," shall be as follows:

(a) The city manager shall be the chief executive officer of the corporation, and subject to the control of and responsibility to the Mayor and Municipal Council, shall superintend and direct all its affairs, services and works, except the police department and public library.

(b) Heads of departments shall report to and consult with the city manager regarding the work of their respective departments.

(d) The city manager shall, so soon as he is appointed, proceed to make up or cause to be made a list or inventory of all the assets of the corporation, and so soon as the same shall be completed report the same to the City Council.

(e) The city manager shall use his best endeavors to devise means whereby the public utilities of the city can be more efficiently and economically managed, and make recommendations to the Municipal Council.

(f) The city manager shall make an annual survey of all departments over which he has control, and suggest to the City Council any improvements or economies which may seem to him advisable.

(g) The city manager shall report at least annually to the Mayor and City Council upon the work and efficiency of every employee of the corporation.

2. For greater certainty, but not so as to restrict the generality of the foregoing section of this by-law, the city manager shall

(a) Have cognizance of all correspondence and communications to the corporation, and see that they are promptly dealt with by the proper official.

**MONTHLY REPORTS**  
(b) In co-operation and consultation with heads of departments prepare for the first meeting of the whole council in each month a report of work done during the preceding month, with suggestions and recommendations for proposed work for the ensuing month.

(c) In conjunction with heads of departments prepare all yearly estimates and report same to the Municipal Council.

(d) Carefully study city by-laws, including loan by-laws, and see that their provisions are complied with.

(e) Examine all complaints and claims which may be made against the corporation and report upon them to the Municipal Council.

(f) Study the various needs and interests of the corporation with a view to suggesting such action as will tend to promote the greater economy and efficiency of the service and the well-being of the city and citizens.

**POWER TO DISMISS**  
(g) The Municipal Council hereby delegates to the said city manager, when appointed, the power of appointing the officials of the city or any of them, and of appointing the employees and assistants in the civic offices, or any of them, to define the duties of such officials, employees or assistants, and their terms of employment, with power to suspend or dismiss any official, employee or assistant, and to reduce the number of officials, employees or assistants, or to combine two or more offices, or to dispense with any official or employee.

4. The city manager shall also discharge such other duties as may from time to time be imposed upon him by-law or resolution of the Municipal Council.

5. The provisions of any by-law of the corporation heretofore passed inconsistent with the provisions of this by-law shall be superseded by the provisions of this by-law, which shall prevail.

6. If submitted to electors, this by-law shall not have force or effect until the same has been submitted for the assent of the electors, and shall have received the affirmative vote of a majority of the electors who shall vote on the question.

7. This by-law may be cited as the "City Manager By-Law, 1926."

## AT YOUR DEALER'S

an old-fashioned Punch-and-Judy show, track events; vaudeville show, clowns and comics, and a host of other features have been arranged to pass away the time. The baseball games of the inside and outside services have been in practice for 190.55 acres of land in the Canadian West, as compared with a settlement of 633 families on 183,371 acres in the preceding year. It is conservatively estimated that the total of land and equipment transactions in the two years was in the neighborhood of \$15,000,000. It is interesting to note that in its last month of operation 67,184 acres of land were settled by 267 families, 102 in Alberta, 99 in Manitoba, and 66 in Saskatchewan, through the instrumentality of the association.

**SETTLEMENT OPPORTUNITIES**  
The services which the Canada

Colonization Association is able to render new arrivals seeking settlement under the most favorable conditions are steadily widening with the increasing number of colonization boards which are springing into existence in Western Canada for the more intensive settlement of their districts, and which are co-operating with the association and placing complete and reliable information on land settlement opportunities in its hands. At the closing of its fiscal year the Canada Colonization Association had listed opportunities for settlement on farms on the assisted plan for 721 families on 175,336 acres of land in Western Canada, the greater part of which had been inspected by the staff of the association. Included in this was 2,830 acres available for the group settlement of seventeen families.

**ANOTHER PARTY TO VISIT HUGE PLANT**

A. T. Goward, Vice-President of B.C. Electric Railway, Invites Clubmen

Executive officers of the service clubs of Victoria will be the guests of the B.C. Electric Railway Company next Wednesday when, at the invitation of A. T. Goward, vice-president of the company, a party of about twenty-five clubmen will leave this city for Jordan River to view the wonders of a modern hydro-electric plant there.

On June 16 officers of the Victoria Chamber of Commerce were invited to visit this great electrical establishment and the guests of the company were deeply interested in the plant. Mr. Goward, having noted the success of the last visit, is now inviting a second party to see the plant. Later there will be a third gathering of business men of Victoria who will be shown the power station, composed of those men who could not previously accept the invitation of the company.

**WORK OF COLONIZATION ASSOCIATION OF CANADA**

The annual report of the Canada Colonization Association, which organization is operated without profit of any kind as a subsidiary of the Canadian Pacific Railway for the settlement of fully or partially improved privately-owned lands along the lines of the railroad in the Prairie Provinces, furnishes further testimony as to the valuable colonization work which is being performed by the organization and the increasing reliance which is being placed in it by those seeking satisfactory farm settlement. With the swelling tide of immigration the
